| ENTITIES ORGANIZED UNDER KRS 179.470 | ) |                 |

O R D E R

On February 11, 1992, Green River Electric Corporation ("Green River") filed its notice with the Commission proposing to revise its street lighting tariff effective March 12, 1992. The proposed revision would modify Green River's existing rules, regulations and tariffs to provide street lighting service to entities organized under KRS 179.470 and to restate the available street lights by lumens rather than watts.

By Order dated March 10, 1992, the Commission found that further proceedings were necessary to determine the reasonableness of Green River's proposed tariff and the tariff was suspended for 5 months from March 12, 1992. On April 13, 1992, the Commission requested additional information from Green River. This information was provided on April 20, 1992.

In its response, Green River has provided cost data to support the charge of \$1.85 per month per pole for service to street lighting districts pursuant to KRS 179.470. The Commission finds that the proposed tariff will not impact any existing Green River customers, is in the public interest, and should be approved.

IT IS THEREFORE ORDERED that the revision to Street and Individual Consumer Lighting as set out in Appendix A, attached hereto and incorporated herein, be and it hereby is authorized effective on and after the date of this Order.

Done at Frankfort, Kentucky, this 8th day of May, 1992.

## APPENDIX A

### APPENDIX TO AN ORDER OF THE KENTUCKY PUBLIC SERVICE COMMISSION IN CASE NO. 92-086 DATED MAY 8, 1992

The following rates and charges are prescribed for customers in the area served by Green River Electric Corporation. All other rates and charges not specifically mentioned herein shall remain the same as those in effect under authority of this Commission prior to the date of this Order.

#### Rules and Regulations:

##### Yard Lighting

Green River will furnish, install, operate and maintain a photocell-operated and controlled outdoor lighting unit. Yard light units can be leased for a minimum term of one year. The rates for such lighting service shall be in accordance with Green River's applicable tariff, provided existing facilities can be utilized.

Street Lighting for subdivision street lighting districts, or similar entities organized under KRS 179.470 will be coordinated with the appropriate county Fiscal Court. The rates for such service shall be in accordance with Green River's applicable tariff.

##### Street and Individual Consumer Lighting

###### Rate

###### Type Light

###### Approximate Lumens

|  |        |
|--|--------|
| Mercury Vapor<br>per lamp per month        | 7,000  |
| Mercury Vapor<br>per lamp per month        | 12,000 |
| Mercury Vapor<br>per lamp per month        | 20,000 |
| High Pressure Sodium<br>per lamp per month | 9,500  |
| High Pressure Sodium<br>per lamp per month | 27,000 |

Underground Service with Non-Standard Pole

For service to governmental entities and street lighting districts with underground service on aluminum or fiberglass poles, an additional charge of \$4.45 per month per pole will be added to the standard charges for street lighting.

Overhead Service to Street Lighting Districts  
Served Pursuant to KRS 179.470

For service to street lighting districts utilizing standard overhead facilities, an additional charge of \$1.85 per month per pole will be added to the standard charges for street lighting.
